#### "What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grew more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

## Common Sense

**About City Directory Circulation** 

THE true value of advertising circulation is circulation consulted.

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

 $1000 \times 3^{1/2} \times 305 =$  1,067,500

Consultations or Circulation Consulted

FOR BETTER BUSINESS

Products Corp Nwk h 29 New

If your business is in a slump, we prescribe an ad in the DIR-ECTORY-it will bring results.

# BUYERS' DIRECTORY

# ractical Uses

To give permanence to paid-for publicity.

To detail more fully the products and service of industrial, commercial, financial and professional activities.

To form a quality background by the better use of type and paper.

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically elimi-\_\_nates investments for space by those who question their ability to continue business activity.)

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

When you hold the cards, you win-if you stay in the game. Advertise in the Directory you have the producttell the readers about it -but stay in the game -keep advertising.

ADVERTISE IN YOUR DIRECTORY....

The welder takes two pieces of rod—welds them together, thus making one complete product. Why not take a tip from the welder-make directory advertising a part of your sales program. Weld the loose ends of production and sales together.

Necessary to the complete and efficient equipment of every office.

## Common Sense

**About City Directory Circulation** 

THE true value of advertising circulation is circulation consulted.

TO be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and onehalf consultations for each business day.

TO be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore-

> $1000 \times 3^{1/2} \times 305 =$ 1,067,500

Consultations or Circulation Consulted
